

## What is Mai Wi-Fi?

Mai Wi-Fi is a business that supplies wireless hotspots for all environments allowing you to provide a value added service by sharing your Internet connection.

**For Businesses** this means adding a great new service to your venue that your customers will appreciate and help keep you on top of the competition. In fact it's fast becoming a service that is expected in most travel and hospitality venues. If you don't have it customers could go elsewhere.

## For people not in business

Mai Wi-Fi provides hotspots that let you securely share your Internet with control in-house and with your neighbours for free or at a cost. Give people Internet and share the revenue 50/50 with Mai Wi-Fi, become an entrepreneur and make money giving people what they want.

## MONEY BACK GUARANTEE

If for any reason you are unhappy with your Mai Wi-Fi hotspot, simply return it to us within 30 days of purchase for a full refund.

\*Excluding delivery costs

## Testimonials

*"With extended stay and overnight guests Mai Wi-Fi was just what we were looking for. We can now offer our guests the convenience of wireless internet without putting in an expensive system. It's great."*

Bruce & Wendy Carter  
Marina Court Motel, Whangarei

*"I was ready to give up because of frustrations with Dial-Up, then my neighbour connected me to his Mai Wi-Fi hotspot and my enthusiasm was restored."*

Lois England  
Kamo, Whangarei
